

ASHLEY KUBERSKI

Hi! I'm Ashley, a business development driven, strategic marketer focused on building brand awareness both online and offline. I specialize in short form video, brand storytelling, and platform strategy creating content that's engaging, fast paced, and built to stop the scroll.

My work blends creativity with execution, from designing campaigns and events that strengthen brand presence to developing partnerships that expand reach and open new opportunities. I bring strong networking skills, building real relationships and connecting brands with the right audiences and communities.

- Classroom Management
- Lesson Planning
- Child Development
- Group Activities
- Communication
- Patience

ASHLEY KUBERSKI

Dear Hiring Team,

I am a marketing content creator and business development professional with a strong background in producing high quality, on brand video content that drives engagement and supports strategic growth initiatives. I specialize in creating compelling visual content that aligns with brand messaging while contributing to broader marketing and communication goals.

I manage the full content production lifecycle, including concept development, scripting, filming, directing, editing, color grading, audio enhancement, and publishing. My work consistently delivers polished, results driven content designed to capture attention and communicate value effectively.

I am proficient in Adobe Premiere Pro and Photoshop, and I regularly leverage AI tools to optimize workflows, enhance audio clarity, and elevate visual quality. I am experienced in directing talent, conducting on camera interviews, and capturing impactful b-roll that strengthens storytelling and audience connection.

In addition to my creative expertise, I bring hands on experience in business development. I collaborate cross functionally to identify high impact content opportunities, analyze audience needs, and support marketing and sales strategies. My approach combines creativity with strategic thinking to produce content that not only looks great but also delivers measurable business value.

Being highly organized, detail oriented, and dependable, with a proven ability to manage multiple projects and meet deadlines in fast paced environments. I look forward to contributing my skills to help drive brand growth and meaningful audience engagement.

Sincerely,
Ashley Kuberski

To Whom It May Concern:

I am pleased to write this letter of recommendation for Ashley Kuberski. Ashley is a former student and successfully completed several of my courses within the Electronic Media program at Delta College. She recently graduated with her associate degree in electronic media.

While a student in my classes, I observed Ashley has a strong work ethic and leadership skills. She always turned her assignments in on-time and her work was always of high-quality.

Many assignments in my classes required her to work both independently and as part of a team. She was successful in both circumstances.

Ashley is also a Michigan Association of Broadcasters award winner. During one of my classes, I assigned a video project where each student had to write, produce, shoot, and edit their own public service announcement. I was so impressed with Ashley's PSA that we entered it into the college visual category for PSAs. Ashley won second place in the state-wide competition!

Ashley would make a wonderful addition to your organization. She is hard-working, professional, and detailed-oriented. Please feel free to reach out to me if you have any questions.

Sincerely,

Kimberly Wells

To whom it may concern,

I am writing this letter as a reference to the work of Ms. Ashley Kuberski. During her college career, Ms. Kuberski volunteered to create and assist with the production of several short videos for the school district. She exhibits tremendous levels of creativity and regularly demonstrated her commitment to see complex projects through to completion. Over the course of several semesters, Kuberski created a mini documentary for a district initiative that focused on providing reading and hygiene materials to students. She approached the project with a creative eye and assembled a visually appealing final product that quickly gained the attention of community members. Kuberski also provided video footage for a kindergarten enrollment video. This video required the filming of multiple classrooms, activities, and students. With a professional demeanor, Kuberski was able to collect the footage throughout the school day without interfering with ongoing activities. Her footage consisted of a wide variety of shots and angles. This variety demonstrated that while collecting footage, she was aware of the needs of the final project. She ensured that the clips she collected could be used to create a cohesive and appealing final video. Although the district edited this second piece, she offered suggestions as to how the final could be assembled. As a volunteer her skills, attention to detail, and concern for the final product were significant.

Ms. Kuberski continues to add pieces to her portfolio of video work. While attending Delta College, she actively filmed multiple projects in a variety of settings. Kuberski takes on projects that will not only further her skills and talents, but projects that will serve the community in which she lives.

Creative and a true team player, Kuberski will no doubt have a positive impact on any program or company she is a part of. Ms. Kuberski succeeds in the challenges and projects she is presented with. Without hesitation, I offer my recommendation in support of her future endeavors.

Sincerely,

Brett A. Russell
